Pittsburgh, Nov. 2

GLENN WARNER has a great football team at the University of Pittsburgh, but when this eleven meets Pennsylvania on Franklin Field, Philadelphia, next Saturday, it will not be at its best. The reason is simple. Pitt is being developed to beat Penn State. It is generally believed here that Hugo It is generally believed here that Hugo Bezdek has the finest eleven that ever represented State, and it is that machine that Warner is bending all of his efforts to trim.

Last year's stinging defeat at the hands of State still rises up here like a nightmare. It was the second worse de-feat that State has handed Pitt since they began their annual battres in 1907. During these thirteen years, State has won five times and Pitt eight. was in 1913, when Pitt got a 7-6 decision over their rivals from State Col-

In fact, there is little doubt cussion of the brain and internal inbig score. In fact, there is little doubt that if the Pitt team is fortunate enough to score a couple of touchdowns fairly early in the game, Warner will hold his men in check and virtually have them marking time throughout the remainder of the game. He doesn't want to take any chances on having any of his stars put on the hospital list before the State and W. and J. games. This means that "Hop" Davies probably will means that "Hop" Davies probably will mot be used a great deal in running the dadition of two former Lansdowne.

Davies is even better this year than Davies is even better this year than he was last. You never can tell what he is going to do for he is one of the greatest combination men on an American gridiron today. While it is likely that Andy Anderson will start at full-back, the chances are that he will be chances are short workent, and that given only a short workout, and that " Hewitt, the 210 back, will be sent in and called upon to do most of the offensive work. Herb McCracken will be at the halfback position opposite Davies.

The team will be directed by "Bows".

Bowser. "Googs" Holleran probably is a better field general than Bowser, but he is being held for the State game, and unless Bowser is injured he will not be at all en Franklin Field. At least that is Warner's present plan. Bowser is a speedy man, handles kicks well and withall weighs 170 pounds, a rather befty young quarterback.

Against Pennsylvania's ends will be Bill Edgar and Williams. Both are capable players, as Lafayette found out when quarterback Brennan made the fatal blunder of trying to score a touchdown inside the 5-yard line by running the ends instead of taking a grack at the line, which is the weakest phase of Pitt's make-up.

In the line will be Captain Herbie Stein at center, "Harv" Harman and Kelley at the tackle stations and Mac McLean and "Dinty" Bond at the guard positi s. "Dinty" Bond is no kin to Dinty fre.

This do make-up of the team that probably will start in its attempt to wind the fifth victory over Pennsylvania. The Red and Blue has played Pitt five times in successive seasons since 1915, and has scored only 9 points against the fmoky City athletes. Last year a field goal by Bert Bell enabled the Red and Blue to finish the game in a 3-3 tie. In 1915, when they first met, Pitt won, 14-0; in 1916 they triumphed, 20-0; the following year it was 14-6; in 1918 it was 37 to 0. In all Pitt has scored 88 points, against 9 for Pensylvania.

Pitt will land in Philadelphia Friday night an undefeated eleven and expects to leave the following evening the same way. Last Saturday Lafayette was trimmed by Pitt, 14 to 0. As soon as the 2 touchdowns were scored Pitt began going in circles. The result was that they put up a miserable battle the reat of the game, but they got away with it, thanks to an even worse brand of Penn Four Times

Howdy from New Orleans, Pete!

Say old clock, you've got the time — maybe you'd like to hear this one! as we were rolling into new Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

This party told a story about the initiation of a young fellow into a college fraternity and how he was just about scared to death when the black cap and the moose were adjusted! He was advised to say his last word. In a quivering voice he managed to get out:- "All I've got to say is that this is certainly going to be a lesson to me!"

"Well, I've had my eigarette lesson" continued the traveller. "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and wildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it - Camels taught me what a cigarette should be and they'll teach any man who smokes!'
Thinks I to myself—sic 'em, judge, every word is a sentence!

Now, Pete, that's the Kind of Camel thanks-giving stuff you get north, east, South, west and through the middle! That's all as true as that little sheep will was their tails!

I did some tall thinking as I browsed through the quaint old French quarter this Evening—how universal the appeal of Camel cigarettes really is! Figure the travelling I've done and the people I've met—each city different from the other—ANII Camels have been the ONE cigarette to be found everywhere - and the cigarette most smoked at Each point? Tete, old backstop, it's wonderful the way Smokers are sliding home to Camels!
